21 JUL 1966

MEMORANDUM FOR: Acting Director of Security

SUBJECT : Office of Security Statistical Report for
JUNE 1966

1. The attached tables reflect some of the activities of certain components of the Office of Security during JUNE 1966.

2. The statistics in the tables are compiled by the component concerned and refer to the current month.

3. The following statistics are furnished for the purpose of comparison between this month and previous months:

	<u>May 1966</u>	<u>June 1966</u>	<u>June 1965</u>
Overt & Semi-Covert Cases Received	2718	2175	1949
Covert Cases Received	1816	1853	1761
Total Days Processing Time (Applicant-type)	64	70	68
Man-Hours Expended (Covert Support)	5164	4963	8829

Although the overall caseload (overt, semi-covert, covert) decreased 506 cases over May 1966, the cases received for this month still exceeded June 1965 by 318 cases. The decrease in June over May cases may be attributed primarily to a drop in the receipts for classified procurement cases. There is an increase in the investigative processing time for this month due to the extremely heavy caseload received in April. Summer employee cases in May account for the lower investigative time causing an extraordinary difference in processing time between the two months.

GROUP 1 Excluded from automatic downgrading and declassification

~~SECRET~~

4. The following are noteworthy items for the month:

a. Technical Division personnel are working with representatives of the Office of Communications to establish a complete system for checking the security of the KY-3 systems.

b. A meeting was held with representatives of the Office of Communications, Office of Computer Services, and representatives of IBM to discuss the operation of IBM computers and their security hazards. OCS is contemplating the installation of an IBM 360 computer commencing in September 1966.
